

One-Time JCHS Coach Promoted By U. S. Rubber

A former Joliet Catholic High school football coach has been appointed to a key post in the United States Rubber company.

When Catholic High officials were unable to find a coach, Charles H. Parcells, newly appointed U. S. Rubber supervisor of labor relations, offered to "pinch-hit" for the season. At the time he was service superintendent for the company's Kankakee ordnance works, a post in which he served from April 1, 1944, to May 31, 1945.

PARCELLS transferred to the company's central office in New York City in 1945 as assistant supervisor of labor relations. He joined U. S. Rubber after service with the Federal Bureau of Investigation. His first post was at a plant then operated by the company for the government in Des Moines, Ia.

Parcells later served at the Pennsylvania Ordnance works in Williamsport, Pa.

A graduate of Georgetown University School of Law in Washington, D. C., Parcells served his alma mater as football coach.
